

UNISERVITATE
AWARD 2022

Service-Learning Experiences in Catholic Higher Education

Invitation: "Launching UNISERVITATE AWARD 2022" - March 22.

We are pleased to invite you to the launch event of the **Uniservitate Award 2022: Service-Learning Experiences in Catholic Higher Education**.

This is a new initiative of the Global programme that gives it its identity, aims to give visibility to and promote quality service-learning practices (SL) carried out in all Catholic Higher Education institutions around the world.

The Award seeks to recognise experiences that demonstrate effective contributions to the solution of socio-environmental problems, identified and addressed in solidarity with community organisations and recipients; with active student participation at all stages of the project; and a clear articulation between service and educational planning that includes specific links to the curriculum, skills development opportunities, reflection and research.

In this way we hope to contribute to install and strengthen the institutionalisation of SL pedagogy, empower projects, inspire, build bridges and weave networks, so we encourage **all Catholic institutions** that have developed or are developing **service-learning projects** and/or programmes between **January 2019 and April 2022** to join the event, to learn how to present and share their valuable experiences.

In the framework of the launching, all the information and the submission guidelines to participate in this recognition will be extended. The Award will distribute **€84.000** (euros) in prizes among the winning experiences in each region of the world.

To learn more about the **Uniservitate Award 2022** we look forward to your participation on **March 22nd at 10.00 a.m.** (-3 UTC Argentina).
